

Project Erasmus+ K2 in progress name is “Innovative method to promoting entrepreneurship education to teenagers”.

The aim of the project is to create a simulation practice enterprise model for 12-15 years old secondary school pupils to develop their entrepreneurial skills, social relationships, behavior, to increase motivation to learn and adapting seven INSPIRE preventive strategies against children’s violence.

More about INSPIRE strategies:

http://www.who.int/violence_injury_prevention/violence/inspire/en/

Tasks:

- To familiarize secondary schools with the practice model of practice enterprise aimed at developing entrepreneurship skills for 12-15 aged pupils.
- To equip secondary schools with methodological-teaching material that would help to develop teenager’s entrepreneurial competences while studying and working in practice enterprise.
- To enhance the adaptation and transfer of innovative aspects of project by providing practical examples of recommendations, strategies and implementation.

Project Coordinator: “ Simulith” centre, Vilniaus kolegija/University of Applied Sciences, Lithuania.

Partners:

[Kauno r. Garliavos Jonučių progimnazija](#), Lithuania

[Europen – Pen International EV](#), Germany
